29.	Success story of our entrepreneurs (Sensitized on how to open a new Enterprise, Qualities required by an entrepreneur; Traits of leadership)	150	10.12.2021

Name of the Event:	International Conference on Data Analytics and Insights (ICDAI 2023)
Date of the Event:	11th May to 12th May 2023
Organizing Body of the Event:	Techno International NewTown
Brief Report:	The International Conference on Data Analytics and Insights (ICDAI 2023) was held from May 11th to 13th, 2023, at Techno International New Town, Kolkata, India. Organized by Techno International New Town and technically sponsored by IEEE Kolkata Section, InterYIT, Tây Đô University, Vietnam, and CDAC Kolkata, the conference provided a platform for researchers, academicians, and practitioners to discuss their latest findings and innovations in data analytics. The event featured a variety of sessions, including keynote presentations, technical papers, and panel discussions, covering topics such as machine learning, natural language processing, and data visualization. A total of 67 papers were presented in ten technical sessions, with an acceptance ratio of 15%, reflecting the high quality of submissions. The conference also included social events, fostering networking and collaboration among participants from academia, industry, and governmental organizations.

Name of the Event: Workshop on Intellectual Property Rights (IPR) and Intellectual Property Management for Start-up.

Date of the Event: 8th May 2023

Organizing Body of the Event: Techno International NewTown

Brief Report: As per the resolution by the Board of Governors, the Institution Innovation Council (IIC) at Techno International New Town (TINT) organized a workshop on "Intellectual Property Rights (IPR) and Intellectual Property Management for Startups" on May 8th, 2023. The workshop, coordinated by Dr. Papiya Debnath, aimed to educate startup enthusiasts on the significance of IPR in their entrepreneurial journey. Dr. Mahuya Hom Choudhury, the keynote speaker, delivered an insightful session on various IPR aspects, including patenting processes, trademark registration, and copyright protection. The event saw active engagement from 38 participants, fostering a deeper understanding of IPR concepts and their importance for startups. The workshop concluded with a vote of thanks from Dr. Debnath, highlighting the event's success in promoting IPR awareness and its management within the startup ecosystem.

2

Name of the Event: World Creativity and Innovation Day.

Date of the Event: 8th May 2023

**Organizing Body
of the Event:** Techno International NewTown

Brief Report: World Creativity and Innovation Day was celebrated at Techno International New Town by the Institution's Innovation Council (IIC) on April 21, 2023. The event aimed to highlight the importance of creativity and innovation in human development. Mr. Snehasis Banerjee, Lead Scientist at TCS Research, spoke on the necessity of these skills in the engineering curriculum to meet industry demands. About fifty teachers attended, with students participating virtually due to a heat wave. An interactive session concluded the program, emphasizing the role of innovation in enhancing efficiency and solving complex problems.

Name of the Event: Creating Yukti Innovation Repository & Participation in Innovation Challenge

Date of the Event: 13th March to 12th April 2023

Organizing Body of the Event: IIC, TINT

Brief Report: The YUKTI Innovation Challenge (YIC) – 2023, orchestrated by the Innovation and Incubation Cell (IIC), commenced with nineteen prototype submissions by October 2022, followed by an intensive internal competition on April 10-12, 2023, at the ECE Seminar Hall. After a thorough evaluation, ten prototypes emerged as finalists, and nine were ultimately selected to represent IIC in the YIC – 2023. This event served as a robust platform for participants to showcase their innovative prowess, fostering interdisciplinary collaboration and highlighting the institution's steadfast commitment to nurturing a culture of innovation. YIC – 2023 not only celebrated the creative achievements of its participants but also paved the way for future advancements in research and development within the organization.

Name of the Event: National Science Day

Date of the Event: 28th February 2023

Organizing Body of the Event: Genesis: The Official Science & Technology Club & IIC, TINT

Brief Report: National Science Day was celebrated virtually by the Institution Innovation Council (IIC) at Techno International New Town (TINT) on 28.03.2023 at 11:00 am. The event commemorated the discovery of the Raman effect by Dr. C.V. Raman. A panel discussion titled "Importance of Science Education and Research in Engineering/Technology Curriculum in Respect to Current Industry Demand" featured experts including Dr. Siddharta Das, Mr. Manas Mohan Ghosh, Dr. Sajal Saha, and Prof. Shib Sankar Saha. Around 70 students and 30 teachers participated, engaging actively in the concluding interactive session.

Name of the Event: One-week Workshop on IOT & Hands-on Project Training

Date of the Event: 13th March to 17th March 2023

Organizing Body of the Event: Department of Mechanical Engineering & IIC, TINT

Brief Report: A One Week Workshop on IoT and hands-on project training was held from March 13th to 17th, 2023, organized by the Mechanical Engineering Department in collaboration with the Institution's Innovation Council (IIC) at Techno International New Town (TINT). The program was inaugurated by Dr. R.T. Goswami, President of IIC. Approximately 35 students from various departments participated in the workshop. Two industry trainers from CircuiTician provided training on real-life problems such as soil monitoring, health monitoring of structures, and water condition monitoring. The workshop offered practical insights and hands-on experience in IoT applications, enhancing the participants' skills and knowledge.

7

Name of the Event: Seminar on "Career opportunities in DAE

Date of the Event: 3rd March, 2023

**Organizing Body
of the Event:**   Department of Electronics and Communication Engineering & IIC, TINT

Brief Report: On March 3rd, 2023, the Bhabha Atomic Research Centre, in collaboration with the Electronics and Communication Engineering Department of TINT, organized a seminar on "Career Opportunities in DAE." This event aimed to promote awareness of career paths in the Department of Atomic Energy. Enthusiastically attended by faculty, staff, and third-year students from TINT, the seminar featured insightful speeches from Professor Dr. R. T. Goswami, Professor Dr. M. Maiti, and Professor Dr. P. K. Ghosh. The seminar concluded with a vote of thanks from Professor Subhankar Bhattacharjee, acknowledging its success in informing and inspiring attendees.

9

Name of the Event: Workshop on "Entrepreneurship and Innovation as Career Opportunity"

Date of the Event: 30th November 2022

Organizing Body of the Event: IIC, TINT

Brief Report: On 30th November 2022, Techno International New Town (TINT) hosted an offline event in collaboration with the Institution's Innovation Council (IIC). The session, led by Prof. Ardhendu Shekhar Biswas, Assistant Professor, and Innovation Ambassador, focused on Innovation and Entrepreneurship essentials. Prof. Biswas guided students and faculty through practical steps from idea conception to startup execution. Topics included developing prototypes, scaling products for market viability, attracting early-stage investors, and navigating legal frameworks. Participants gained crucial insights into startup establishment and available support networks for innovation ambassadors.

Name of the Event: Session on Problem-Solving and Ideation Workshop

Date of the Event: 29th November 2022

Organizing Body of the Event: IIC, TINT

Brief Report: On November 29, 2022, an offline workshop was organized under the auspices of the Institution's Innovation Council (IIC) calendar activities at Techno International New Town (TINT). The workshop focused on Problem Solving and Ideation, commenced at 11:30 am and drew participants from various departments, including faculty members and IIC council members at TINT. The session featured Mr. Debaditya Dutta as the keynote speaker, who shared his extensive experience from the early stages of his career working with start-ups. Mr. Dutta underscored the pivotal role of innovative ideas and urged students to consider knowledge as foundational to their career development. He emphasized the importance of identifying societal needs and devising innovative solutions to address them effectively. The workshop facilitated meaningful interactions between Mr. Dutta and participants, fostering engaging discussions on practical strategies for problem-solving and ideation.

Name of the Event: Seminar on "Awareness on Radio (EMR) Radiations"

Date of the Event: 18th November, 2022

**Organizing Body
of the Event:** Department of Electronics and Communication Engineering, TINT & Department of Telecom, Kolkata

Brief Report: On November 18, 2022, a seminar on "Awareness on Radio (EMR) Radiations" was held at the TINT Campus, organized by the Department of Electronics and Communication Engineering and the Department of Telecom, Kolkata, in collaboration with the Institution's Innovation Council (IIC). The event featured comprehensive sessions on electromagnetic radiation, particularly radio frequency (RF) emissions, highlighting sources, health effects, and safety guidelines. Students and faculty from various departments attended, engaging in insightful presentations and discussions. Practical tips to minimize exposure were shared, and a lively Q&A session enriched the learning experience. The seminar emphasized the importance of community engagement in promoting RF EMR awareness.

Name of the Event: A MIC-Driven Activity Report on "Participation of IIC Institutions in IIC Regional Meets "

Date of the Event: 2nd August, 2022

Organizing Body of the Event: Ministry of Education, Govt. of India

Brief Report: MIC organized a regional meet on 02.08.2022. at Guru Nanak Institute of Technology for ERO. Members nominated by different HEIs participated physically in the event by representing different knowledge sharing & orientation sessions on IIC, NISP, ARIIA and IP. • Extensive discussion on the topic taken place collectively and also in track wise. Interaction between different IICs took place. Feedback on the session was collected at the end. The participants got an exposure about the new features of the present version of IIC 4.0, features NISP and effective I&E eco-system in HEIs. This will help the participant IIC of the HEIs to work more effectively.
